

TSC TX600 Barcode Printer

Product Specification

Brand	TSC
Model	TX600
Type	Barcode Printer
Printing Resolution	600dpi
Printing Speed	4 ips
Printing Method	Thermal Transfer
Printing Length	2540mm
Printing Width	106mm
Memory	128MB DRAM 128MB Flash
CPU Type	32-bit RISC
Operation Interface	ON/OFF 6x operation button LCD display
2D Code Symbolologies	TLC-39
Display Type	3.5 Inch TFT color
Media Type	black-marked media continuous fan-fold notch perforated
Paper Width	112mm 19mm
Roll Diameter	127mm

Ribbon Width	40 to 110mm
Maximum Ribbon Length	300m
Interface	USB Host Ethernet USB RS232
Bar Code	2D Bar Code
Expansion Slots	Micro SD Card (SDHC)
Power	100-240V
Frequency	50-60Hz
Sensors	Ribbon end sensor open print-head detector transmissive reflective
Operating Temperature	5 to 40°C
Storage Temperature	-40 to 60°C
Storage humidity (non-condensing)	10 to 90%
Operating humidity (non-condensing)	25 to 85%
